Fillies Have Their Innings and Win with Ridiculous Ease.

Rumors that Work Will Begin on the Harrison Track Immediately.

### HANDICAP ENTRIES.

Father Bill Will Take His Racers to the Washingington Track.

The fillies had their innings at Morris Park resterday. They captured three events with in easy style, though to the uninitiated it may have appeared that Garrison was riding hard. It was only a bluff, however. Helen Nichols ralloped away from her field in the Essex Stakes, beating a good lot of youngsters. Torkville Belle had practically a walkover, having only Perfargilla and Anna B. to deteat, and she could have fallen down and performed ner task eastly enough. Garrison rode Fairy and Yorkville Belle. This was a great surprise to many, for, after the complaint which the Ehret people made against the jockey for not riding Pairy a few days ago every one sup- CREW SAVED BY BREECHES BUOY posed that it was all over between the "Snapper" and the brewer. Yesterday, however, the pipe of peace was smoked, and Garrison consented to ride after his \$250 fine had been paid. The Ehret stable is certainly the queerest aggregation seen in many moons, but it must be confessed that they are getting a big slice of the money.

The performance of Ajax yesterday shows that Bergen can get more speed out of that erratic coit than the mighty "Snapper." Gov. Foraker beat Ajax both times that Garrison rode the coit. Yesterday Ajax, under Bergen's guidance, beat Gov. Foraker handliy.

Hy Dy's performance yesterday needs investigation. A few days ago he beat Milt Young and Cynosure in very handy fashion. Yesterday, though the distance was the same and ity Dy had four pounds off from his last race, the two horses named above flaished in front of him. Perhaps the fact that he was a favorite vesterday had a great deal to do with his defeat. At any rate, young Midgley can rice the gelding better than Covington, and it is strange that the former was not given the mount. Covington's riding is not of the gind to inapire confidence.

Astoria's headstall slipped in the last race

Astoria's headstall slipped in the last race yesterday and completely spoiled what little chance she may have had.

Eimer, the three-year-old colt recently purchased by "Pittsburg Phil," ran away two miles and a haif yesterday morning, and wound up by plunging through a fence. He was injured internally.

The Harrison Jockey Club scheme is booming once more. Every now and again one hears of this new race course to be established at Harrison. N. J. Omcers have been elected as follows: J. B. Collins. President: V. T. Mittord Buell, Vice-President and J. F. Callahan, Secretary and Treasurer. Work will be commenced on the new track immediately, so it is said. As the course is in Hudson covniy it, is a question whether it will live long in opposition to Guttenburg.

G. W. Johnson, the phenomenal Western two-year-old colt who was recently purchased at the zuction of the J. M. Brown stable by the Oneck Stable for \$30,000, has thrown osaelets on his forelegs. Trainer Walter Rollins will have them attended to at once, for he betteves that with prompt treatment the colt will retain the speed which made him so famous this year.

Ar. Pearce says that her husband was for sufficiently attentive to her; that he never was fond of the theatre she went last evening and met Mr. Hanwelsner, who asked to set the colt will retain the speed which made him so famous this year.

Midnight, a Morris two-year-old, performed a remarkable feat on Wednesday. He threw his boy and ran away down the six-furlong chuice. At the bottom he hesitated whether to jump the feace or not. Finally he made a sinclong leap and landed plump on top of the rail. He stretched out in that position for a full half influed and then rolled over into the infield. He jumped up and was caught unhard.

Green B. Morris and J. J. McCafferty made a trade yesterday. Mr. Morris gave Little Billie, a colt purchased at the recent Brown sale, for Mr. McCafferty's filles Estelle and Lady Mary. Mr. Morris at one time owned Hettle T., dam of Lady Mary, and his desire to own the latter is largely a matter of sentiment. Lady Mary is a very small filly, small enough in fact to be eligible to pony races.

Detroit Is to Boycott All Instructors from Outside the Town. DETROIT, Oct. 14.—The Board of Education

last night adopted a resolution declaring that hereafter the teachers in the public schools of this city must be persons who have received their entire education within the public schools and the high school of Detroit. No others are to be eligible.

Not only must they be educated at home FURNITURE, and in the public schools, but their right to to find some one who can identify the man teach is forfeited if they attend a University afterwards. College bred teachers are to be boycotted.

As about one half of the Detroit teachers have been educated elsewhere it is easy to see what widespread consternation will be caused by the resolution.
